

# "MAKE A SOLAR PANEL"

**DATE:** Saturday, May 14, 2011

**TIME:** 9:30 am - 5 pm, rain or shine

**PLACE:** Alley Pond Environmental Center  
228-06 Northern Blvd.  
Douglaston, NY 11362

**AGES:** adults, high school students

**FEE:** \$120.00

**REGISTRATION:** Please pre-register by May 12 at [www.nyses.org](http://www.nyses.org)  
Cost: \$120.00 including light refreshments and lunch  
Limited enrollment: 12 persons.

This one day workshop will take the participant through the hardcore mechanics of assembling silicon cells and producing electricity from a working solar panel. Our experienced instructor, John Burke, Maine Solar Energy Association, has taught with Dr. Richard Komp for several years and worked extensively with solar enthusiasts and in NYC area schools building solar panels.

Participants will have hands-on experience opportunity working together on one panel in all aspects of assembly of a 60W PV module, including liquid silicone encapsulation method, developed by Grupo Fenix, in Nicaragua.

Vegetarian lunch and light refreshments provided.  
Co-sponsored by New York Solar Energy Society

You may register for APEC May 14 PV workshop through NYSES:

New York Solar Energy Society - The solar resource network
