

Capital Region Meeting of the New York Solar Energy Society

@

Hudson Valley Community College's

TEC-SMART

345 Hermes Road, Malta, NY

Third Friday Green Bag Lunch Group Meet Up

AGENDA

- ☀ Meet and greet 11:45-12:00. Information on area sustainability news and events
- ☀ 12:-12:45: William Gathright from Tumalow will explain how Tumalow energy storage system can lower electric bills, provide emergency power at no cost by reducing the demand charge. **"Works great with solar"**
- ☀ See the video at : <http://www.tumalow.com/>
- ☀ Q & A 12:45-1:00

Treats and Drinks are provided

We welcome renewable energy installers, building efficiency experts, teachers, professional engineers, homebuilders, architects, advocates, students and all interested community members.

Wondering about the technology behind renewable energy? Please join us at the monthly noontime Capital Region meeting of the New York Solar Energy Society. We tackle solar cooking, solar heating, solar hot water, wind, ground source heat transfer ("geothermal") and tidal and wave technology. And, we won't leave out the deep energy retrofits for homes and the importance of mass transportation and electric vehicles.
