

Capital Region Meeting of the New York Solar Energy Society
Friday, June 20th 2014
@

968 Albany Shaker Road
Latham, New York 12110

Third Friday Green Bag Lunch Group Meet Up

This Month is a tour of the Plug Power facility

AGENDA

☀ Meet 12:00PM at Plug Power

☀ Please bring

-Signed NDA (attached)

- Copy of driver's license/issued id

☀ 12:05PM-12:50: tour of Plug Power Facility
(<http://www.plugpower.com/Home.aspx>)

☀ Optional Ice Cream stand visit afterwards on Route 7

We welcome renewable energy installers, building efficiency experts, teachers, professional engineers, homebuilders, architects, advocates, students and all interested community members.

Wondering about the technology behind renewable energy? Please join us at the monthly noontime Capital Region meeting of the New York Solar Energy Society. We tackle solar cooking, solar heating, solar hot water, wind, ground source heat transfer ("geothermal") and tidal and wave technology. And, we won't leave out the deep energy retrofits for homes and the importance of mass transportation and electric vehicles.
