

## Capital Region Meeting of the New York Solar Energy Society

@

Hudson Valley Community College's

**TEC-SMART**

345 Hermes Road, Malta, NY

### Third Friday Green Bag Lunch Group Meet Up

November 15, 2013

11:45 am- 1:00 pm

Bring your "green" bag lunch (drinks and treats provided)

What do **Las Vegas**, **Los Angeles** and now **NYC** all have in common? They are saving millions of \$\$\$ by switching to LED street lighting!

<http://inhabitat.com/nyc/mayor-bloomberg-announces-all-nyc-street-lights-will-get-led-makeover-saving-14-million-a-year>

<http://www.earthtechling.com/2013/09/42000-led-streetlights-save-las-vegas-2m-a-year/>

<http://www.forbes.com/sites/justingerdes/2013/07/31/los-angeles-completes-worlds-largest-led-street-light-retrofit/>

Amelia Amon of Alt-Technica (<http://www.alt-technica.com/>) Will be making a trek up to Malta from NYC to share with us how we can design LED energy solutions with creativity, sensitivity to materials, technical proficiency, cost savings, ease of maintenance, and basic aesthetic principles to integrate photovoltaics into urban and natural landscapes

### AGENDA

- ☀ Meet and greet 11:45-12:00, Information on area sustainability news and events
- ☀ 12:00-12:45, Presentation by Amelia Amon
- ☀ 12:45-1:00, Q & A

We welcome renewable energy installers, building efficiency experts, teachers, professional engineers, homebuilders, architects, advocates, students and all interested community leaders and members.

Wondering about the technology behind renewable energy? Please join us at the monthly noontime Capital Region meeting of the New York Solar Energy Society. We tackle solar cooking, solar heating, solar hot water, wind, ground source heat transfer ("geothermal") and tidal and wave technology. And, we won't leave out the deep energy retrofits for homes and the importance of mass transportation and electric vehicles.

**RSVP:** [www.NYSES.org](http://www.NYSES.org)
