

**Capital Region Meeting of the New York Solar Energy Society
Friday, October 21, 2106
12 noon to 1 PM**

HVCC TEC-SMART 345 Hermes Road, Malta NY

**The First Shared Renewables Community Solar Project in New York State.
Halfmoon Community Solar Project.**

Crystal Morgan from Clean Energy Collective will explain how the program works!!

Just bring yourself this month, lunch will be provided by Clean Energy Collective

Please RSVP to coonjoan@gmail.com by Wednesday, October 19th so we can plan.

Topics that will be covered:

- What is RooflessSolar and how it works
- How the site will feed solar energy to the grid operated by (NYSEG)
- How the site will supply more than 100 residential customers in NYSEG's Capital Region territory.
- How Low-income residents will be allowed to participate in local clean power generation.
- Visit to site which is 6.2 miles from TEC-SMART

We welcome renewable energy installers, building efficiency experts, teachers, professional engineers, homebuilders, architects, advocates, students and all interested community members.

Wondering about the technology behind renewable energy? Please join us at the monthly noontime Capital Region meeting of the New York Solar Energy Society. We tackle solar cooking, solar heating, solar hot water, wind, ground source heat transfer ("geothermal") and tidal and wave technology. And, we won't leave out the deep energy retrofits for homes and the importance of mass transportation and electric vehicles.
